We request that the project CARRERA be amended to provide for additional operational expenses in the amount of \$250.00. You will note from the attached original project outline that this project has been amended to cover small additional operational expenses twice in the past two months. We hope that the requested sum will cover any future expenses prior to expiration date, 30 September 1954.

The Field has cabled a request for 300 DMW (approximately \$75.00) to purchase a police dog and 125 DMW (approximately \$31.25) for its support for the months of May through September 1954. The Field has cause to believe that the Soviets may contemplate abducting L 7 and has requested authorization to purchase a police dog to protect him.

DESCRIPTION

We request that the above project be amended to provide an additional 1000 DM (\$250) to cover the cost of "key money" for a new apartment for the principal agent [REDACTED]. For security reasons, referred to in the above first reference, the Field considered it necessary to move [REDACTED] to new living quarters as soon as possible after the AMIRGEL office in Berlin had been broken into and ransacked. [REDACTED] has been the subject of previous RIS attempts in the past, and you will recall that the last amendment to the project concerned additional funds to furnish [REDACTED] with a police dog for protection.

When the cable arrived on the afternoon of Friday, 12 November 1954, we were unable to reach the PI Plans Staff in order to obtain approval. However, in view of the exigencies of the situation, we felt it necessary to cable approval to the Field for this additional amount. See the second reference. We reported our action to [REDACTED] of the Projects Branch, PI Plans Staff, on 15 November 1954.
